Sign In/Out

All children must be signed in & out by a parent/guardian (18+); older siblings may do so with prior approval from our Children's Ministry Director. We ask that parents/guardians PRINT their names & provide a contact number for emergency purposes. Children will not be released to anyone who is unfamiliar to our teacher.

Basic Rules & Discipline Procedures

Children are expected to behave as they would in any classroom environment. Disruptive & disrespectful behavior will not be tolerated. Bullying will not be tolerated, under any circumstance. Children will be counseled on the spot by removing them from the rest of the group and speaking to them about their behavior. If a child continues to disturb the class, the teacher may isolate them in a chair within sight of the group. The length of isolation time depends on the age of the child (approx. 1 minute per year). If behavior does not change, the teacher may wish to meet with a parent/guardian to discuss solutions to the specific behavior issue. We wish to work with you and your children in order to better understand each child's individuality and personality.

Health & Safety

Classrooms are equipped with a First Aid Kit, and all teachers & aides have been instructed to contact a parent/guardian if severe injury occurs. We ask that any child who is sick, or recovering from a contagious illness, remain at home so as not to expose our teachers & other children.

**Once a child has turned 3 years old we begin to encourage them to visit the WIGGLES class with increased regularity so that by the time they turn 4 they are comfortable with the environment. For the safety of our littlest ones, a child of 4 may no longer be placed in the NURSERY; no matter how reticent they may be on entering the "big kid" class. For special circumstances contact our Children's Ministry Director.*
